

FREEDOM OF INFORMATION ACT AND ENVIRONMENTAL INFORMATION REGULATIONS PUBLICATION SCHEME AND REQUESTS FOR INFORMATION

Introduction

This Publication Scheme sets out Chichester College Group's commitment to meeting its statutory duties under the Freedom of Information Act (FOIA) and Environmental Information Regulations (EIR), to make information available in an open and transparent manner.

A FOIA publication scheme is a document which describes the information a public authority publishes, or intends to publish. In this context, this is the information Chichester College Group means to make available, routinely. Different classes of information are set out within the Scheme. The Scheme describes how the information can be accessed and whether or not charges will be made.

The table below indicates where documents may be obtained, e.g.:

- on the College website
- published by others, such as OFSTED, the Education & Skills Funding Agency, etc.
- via a link from the Scheme of Publication
- in paper or electronic copy, through application to Chichester College Group.

The Scheme is not an exhaustive list but indicative of the types of document held. There are documents which are not available on the website because they are:

- constantly being updated;
- very large;
- of minority interest;
- contain some exempt information and will need to be individually amended in order not to compromise the reader;
- will remain on paper only.

Obtaining Information

Information which is on the website where the copyright does not rest with another organisation is free to read and print. Information which is held electronically but is not on the website can normally be supplied by email and there is usually no charge, unless shown otherwise, or unless you request part, amended or multiple documents.

Chichester College Group reserves the right to charge for information if the cost of determining, locating, retrieving and extracting it is expected to exceed appropriate limits as defined by the Information Commissioner. Staff time will be charged at £25 per hour and other disbursements will be charged at cost.

Information which is not available online or freely available in the College Receptions, can be obtained by written application to the Data Protection Officer at:

Chichester College
Westgate Fields
CHICHESTER
PO19 1SB

dp@chichester.ac.uk

Applications for documents for which there is a charge should be accompanied by the correct fee in sterling for each document in the form of a cheque drawn on a UK-based bank, or as postal order, crossed and payable to Chichester College Group.

Requests for information under the FOIA / EIR

Please refer to the Freedom of Information policy for information on making requests to the Group. For help making a request please contact the Data Protection Officer.

Further Assistance

If a document you require is not shown in this guide please contact the Data Protection Officer. In some circumstances information may be exempt from disclosure.

If you have any further queries relating to Freedom of Information you may contact
