STAY LOCAL TO GO FURTHER

**University level courses
2024/25**

A warm welcome to Chichester College Group Higher Education (HE). We have a wide range of HE courses, co-created with employers to support progression into and within your chosen career.

We are a destination of choice for many students who want to access outstanding education.

With timetabling to fit around work, family and other commitments, experience counting as well as qualifications and lots of support from industry specialists, there's nothing to stop you from achieving your dream career.

We are proud that our foundation and top-up degrees are awarded by the University of Portsmouth and the University of Chichester, meaning you have the dual benefit of graduating from leading universities while staying local at one of our amazing colleges.

In August 2022, we were proud to merge with Brighton Metropolitan College and Northbrook College. This means there is an opportunity to explore more HE courses than ever before. These career-focused degrees are taught by industry experts in specialist facilities. Northbrook's creative art degrees are validated by the prestigious University of the Arts London (UAL), ranked second in the world for art & design*.

In the meantime, we invite you to explore this guide – with information about our HE courses at our Brinsbury, Chichester, Crawley and Worthing colleges.

Join us for rich and rewarding learning experiences, which will give you every opportunity to achieve your goals and progress towards a bright, fulfilling future.

REASONS TO CHOOSE US

Invest in your future and be part of our supportive degree-level community of learners.

PROGRESSION PROMISE GUARANTEE

We're here to support our students – and we make a promise to students studying a level 3 course at any Chichester College Group college who wishes to progress on to one of our HE courses.

You'll receive a guaranteed interview for a university level course and you could qualify for a one-off bursary to use towards your study costs. If we are your only choice of institution, you can apply directly to us with no application fee*

*Correct at time of printing for students completing a level 3 qualification in summer 2023. Progression Promise Guarantee may change for future students

STAY LOCAL

- University level courses delivered on your doorstep
- Condensed study to fit around your life
- Fixed timetabling lets you plan your life

OUTSTANDING SUPPORT

- Dedicated and highly experienced support teams
- Smaller class sizes (average 8-20 students) giving you the focus you deserve
- Friendly tutors who go the extra mile to ensure you achieve
- Personalised support plan for every learner
- Dedicated Learning Coaches

HIGH QUALITY

- 97% pass rate for Higher National Diplomas (HNDs)*
- Degrees awarded by leading Universities
- 59% of Top-Up degrees students achieved a First or 2.1*
- 72% of HND students achieve Distinction or Merit*

*According to data for 2021/22

EMPLOYMENT-FOCUSSED

- Delivered by experienced, industry specialists
- Partner employers feed into course design and delivery through our Skills Advisory Panels (SAPs)
- Excellent work placement opportunities to help make you work ready
- 85% of graduates are recorded as being in employment 15 months after completing their Higher Education studies**

**Graduate Outcomes Data - released June 2020

AFFORDABLE

- Flexible ways to pay; upfront, instalments or loan
- A tuition fee loan to cover the full cost of your fees, a maintenance loan of up to £9,978 and no repayments until you're earning at least £25,000 a year (from 2023/24)
- Access and Participation bursaries
- A range of government funding that you don't need to pay back

INCREASE YOUR CAREER POTENTIAL

Our strong employer partnerships play a big part in your future success

Graduates typically earn between 20% and 30% more than those with lower level qualifications. Statistics from the Department for Education show that the median nominal salary for graduates in 2022 was £38,500. The corresponding figure for non-graduates is around £27,000*.

Whether you're looking to start a completely new career, or you want to advance in the career you already have, our employment-focused courses provide the skills, knowledge and experience needed to fulfil your future potential.

WORKING WITH MORE THAN 1,500 EMPLOYERS

Our strong employer partnerships play a big part in your future success. We actively involve our partner employers in course design and delivery to ensure our courses deliver the expertise genuinely needed by industry. We also review our courses regularly so that they continue to reflect industrial and professional trends.

*Graduate Labour Market Statistics: 2022 (published in 2023)

HOW WE EQUIP YOU FOR CAREER SUCCESS

- 1** | Taught by industry specialists who spend time in industry each year updating their expertise
- 2** | Real-life assignments commissioned by external organisations or applied to your own employment
- 3** | Some courses include built-in professional qualifications and accreditation
- 4** | Relevant industry visits and guest speakers
- 5** | Industry-standard facilities and equipment
- 6** | Career planning and support in finding graduate-level employment

OUTSTANDING SUPPORT

As well as friendly, hands-on lecturers who go out of their way to help you succeed, CCG offers ongoing support for all aspects of your learning journey. Don't be put off if you haven't studied in a while – we'll help you to achieve all your goals.

BEFORE YOU START

Before you start your programme with us you will be invited to an interview to make sure the programme is right for you. This is a great opportunity to find out about the programme and ask any questions that you may have.

ONCE YOU ARRIVE

Once you arrive you will receive:

- A full induction to settle you into college
- A Higher Education Coach and Course Leader to help you set and achieve your goals
- A tailored support plan for study skills and wellbeing

SPECIALIST SUPPORT

If you have a learning difficulty and/or disability we'll work with you to identify any additional support requirements, liaise with course tutors and offer advice on applying for Disabled Student Allowance.

PASTORAL SUPPORT

Our Higher Education Coaches, unique to CCG, provide 1:1 pastoral support and a review of academic and vocational targets to map progress and progression.

“This has changed my life and is one of the best things I have ever achieved. The support received from the tutors has been fantastic.”

Wendy Plaistow
BA (Hons)
Early Childhood Degree
Crawley College

STUDY SKILLS & PROGRESSION SUPPORT

In addition to your vocational expertise, CCG graduates will leave with the following attributes:

- Professionalism
- Independence
- Interpersonal Skills
- Creativity

Our Graduate Attributes Programme will help you to develop your academic abilities, personal qualities and transferable skills to enable you to progress onto further study or graduate level employment.

DIGITAL SUPPORT

Access digital resources such as eBooks and academic journals, and refresh or develop skills in:

- Microsoft applications
- College-specific programs
- Internet searches and internet safety
- Digital literacy such as communicating in different media
- Networked literacy support software

WELLBEING SUPPORT

Our wellbeing services help you get the most from your studies and personal life. They range from counselling and confidence building to support with extenuating circumstances and temporary medical conditions.

FINANCE & FUNDING

Don't let finance hold you back. With no upfront fees to pay, funding you don't need to pay back, low-cost loans and a whole range of other incentives, financing your course may be easier than you think.

FEES

Up-to-date fees are published on our website.

STUDENT LOANS

- **Study now & pay later**
If you are a UK student or have EU Settlement Status, you can apply for student loans from the Government to pay for your course fees and living costs while you are studying.
- **You only pay back when you can afford to**
The great thing about both tuition fees and maintenance loans is that you don't need to pay anything back until you're earning at least £25,000 a year. As an example, if you're earning £31,000 your monthly repayment would be £45.

BURSARIES AND GRANTS FROM CHICHESTER COLLEGE GROUP

A number of bursaries and grants are available from CCG for eligible undergraduate students from low-income backgrounds, care leavers and some students who progress from other courses at the College Group.

- **CCG's Learner Support Grant**
We offer a bursary of up to £500 a year to help towards the cost of equipment, books and travel needed for your course for eligible undergraduate students.
- **Help for parents**
If you're a parent studying a full-time degree-level course, you could access:
 - Up to £1,915 a year via the Parents' Learning Allowance
 - Up to £188.90 a week for one child and up to £323.85 a week for two or more children via the Childcare Grant
- **Help for those supporting an adult partner or relative**
For full-time degree-level students who support an adult dependant (such as a partner, parent or grandparent but not an adult child), the Adult Dependents' Grant could currently give you up to £3,354 each year.
- **Help if you have a learning difficulty, health problem or disability**
The Disabled Students' Allowance is intended to cover any extra study-related costs you incur due to your health condition. You could receive up to £26,291 (based current rates for 2023/24).

HALLS OF RESIDENCE

High quality student accommodation has never been easier to organise. The accommodation team offer a wide range of comfortable, safe accommodation options to UK and international students.

YOUR ACCOMMODATION FEES INCLUDE:

- All bills (Gas, electric, water)
- Wi-Fi internet connection with 24-hour support line
- 24-hour support and services
- 24-hour security
- Onsite gym membership
- Contents insurance

WESTGATE HALLS OF RESIDENCE (CHICHESTER CAMPUS)

Self-catering and full board are both available. Communal areas are cleaned daily and you'll be responsible for the cleaning of your own room and ensuite facilities, along with being jointly responsible for maintaining a clean kitchen. Westgate Halls are for students who are 18 and over at time of admission.

There are shared kitchen facilities in the flats which accommodate six students. There are a variety of communal facilities including a communal common room with TV, DVD player and Xbox console and games, as well as food and drink vending machines. Wi-Fi is available throughout the halls.

Membership to the on-site gym is also included in the accommodation package. This includes an induction to the gym.

Laundry facilities are available to all residents in Westgate Halls and a card-operated laundry with washers and dryers is located on the premises.

YOUR EXPERIENCE YOUR VOICE

The student union (SU) at Chichester College Group (CCG) is recognised as one of the best student unions in the country.

CCG values its student voice and this is reflected through the work of the student union run for students, by students. It is recognised as being one of the most active and engaging student unions in further education in the country.

“Students value the active role they take in working with leaders and staff to create an inclusive and vibrant community.”

Ofsted Inspection Report
Spring 2020

GET INVOLVED!

The SU offers a broad range of extra-curricular activities for all abilities, including guitar for beginners, yoga, pitch invasion football, as well as rugby, politics & debate - not to mention running a whole host of local and international trips to suit every budget.

“The group encourages students to develop personal qualities that will help them flourish in life.”

- Small group sizes ensure you get the support you need to succeed

Upon successful completion of this course you will be able to demonstrate a sound knowledge of the basic concepts of engineering and the complex nature of aeronautical engineering. You will be able to communicate accurately and appropriately and have the qualities of personal responsibility needed for employment. You will have developed a range of transferable skills to ensure effective team working, independence, fault-finding problem-solving, and organisational awareness.

As part of the Gatwick Diamond business network, you will engage in a range of employment opportunities as part of the growing 128,000 jobs in aerospace which contributes £31bn to UK industry. Year 1 comprises the HNC (Level 4 Higher National Certificate) qualification. You will then progress on to the second year HND (Level 5 Higher National Diploma) to fully complete the qualification.

ENGINEERING-GENERAL

Chichester College

HNC MODULES:

- Engineering Design
- Engineering Maths
- Engineering Science
- Managing a Professional Engineering Project
- Materials Properties & Testing
- Mechanical Workshop Practices
- 2D CAD
- 3D CAD

HND MODULES:

- Engineering Design
- Engineering Maths
- Materials Properties & Testing
- 2D CAD
- Engineering Science
- Managing a Professional Engineering Project
- Mechanical Workshop Practices
- 3D CAD
- Research Project (Double module)
- Professional Engineering Management
- Further Mathematics
- Lean Manufacturing
- Virtual Engineering
- Embedded Systems
- Sustainability

This programme will help you develop a wide range of engineering skills to help prepare you for the exciting world of modern engineering. Subjects cover the underpinning maths and science as well as exploring the core skills required for 21st century engineers such as materials, CAD, project management, automation and robotics, programming, design, workshop practices and research/development.

This programme offers an excellent way to study towards a degree level course in Engineering with all the benefits of staying local with small class sizes and the close support of industry and educationally experienced lecturers. Students also benefit from academic and pastoral 1:1 tutorials, directed self-study and assignment workshops. You can complete the HNC two years part-time.

The HND is 2 years full-time and you will complete the HNC during the first year of study.

SPECIAL FEATURES

- You can progress onto a final top-up year and achieve a full degree
- Access to industrial software
- Small group sizes ensure you get the support you need to succeed

Accredited by:

UCAS Code: H650

HND & HNC

ENGINEERING- ELECTRICAL & ELECTRONIC

Crawley College

HNC MODULES:

- Engineering Design
- Engineering Mathematics
- Engineering Science
- Managing a Professional Engineering Project
- Electrical & Electronic Principles
- Digital Principles
- Electrical Machines
- Automation, Robotics and Programmable Logic Controllers (PLCs)

HND MODULES:

- Engineering Design
- Engineering Mathematics
- Engineering Science
- Managing a Professional Engineering Project
- Electrical & Electronic Principles
- Digital Principles
- Electrical Machines
- Automation, Robotics and Programmable Logic Controllers (PLCs)
- Research Project
- Professional Engineering Management
- Further Mathematics
- Industrial Power, Electronics and Storage
- Industrial Systems
- Further Electrical, Electronic and Digital
- Utilisation of Electrical Power Principles

Both the HNC and HND in Electrical and Electronic Engineering will help you develop a wide range of skills related to modern engineering and technology, preparing you for work in the engineering industry or progress into a full top-up degree at university. The emphasis is on implementing engineering solutions for the modern landscape. This course gives you the opportunity to take advantage of excellent engineering facilities situated in a purpose-built environment.

ENGINEERING- MECHANICAL

Crawley College

HNC MODULES:

- Engineering Design
- Engineering Mathematics
- Engineering Science
- Managing a Professional Engineering Project
- Mechanical Principles
- Fundamentals of Thermodynamics and Heat Engines
- Production Engineering for Manufacture
- Quality and Process Improvement

Mechanical engineering is the discipline responsible for the research, design and construction of machinery both small and large. The HNC and HND Mechanical Engineering courses will give you the opportunity to take advantage of excellent engineering facilities situated in a purpose-built environment. You will benefit from a large amount of tutor led class time from our professional, friendly, and approachable staff. As a practically based course delivered through supported workshops, it's a 'doing' experience rather than a 'listening' one.

HND MODULES:

- Engineering Design
- Engineering Mathematics
- Engineering Science
- Managing a Professional Engineering Project
- Mechanical Principles
- Fundamentals of Thermodynamics and Heat Engines
- Production Engineering for Manufacture
- Quality and Process Improvement
- Research Project
- Professional Engineering Management
- Further Mathematics

Exercise your mind, body and soul.

You don't have to be an elite athlete to get ahead. Study how the human body works during exercise and learn how sport and physical activity can promote physical, mental and social health and wellbeing.

You'll learn about nutrition, anatomy & physiology, sports psychology, sport massage, lifestyle coaching and have the opportunity to put your knowledge to the test, working with the college's sports academy players to support their development.

Go Further

Pursue careers in fitness, personal training, sports development, coaching and therapy.

SPORT, HEALTH & EXERCISE SCIENCES

Worthing College

YEAR 1 MODULES:

- Biomechanics
- Exercise & Health
- Interpersonal & Professional Skills
- Physiology of Exercise & Health
- Research Methods 1
- Sport and Exercise Psychology
- Work Based Learning 1

YEAR 2 MODULES:

- Health Promotion, Lifestyle and Exercise
- Laboratory Skills
- Physical Activity in Special Populations
- Psychological Aspects
- Research Methods 2
- Self-directed Work Based Research Project
- Work Based Learning 2

SPECIAL FEATURES

- 'Hands on' practical based learning
- Access to specialist resources
- Small group sizes to ensure you receive the support you need to succeed

This Foundation Degree (FdSc) in Sport, Exercise and Health Sciences is accredited by the University of Chichester. This course has been developed to equip you with the scientific knowledge relevant to the health and fitness industry as well as the necessary professional qualifications and skills. As part of your programme you will also complete your Level 2 Fitness Instructor qualification. You'll have the opportunity to apply to continue your studies by pursuing a Top-up course at the University of Chichester in a specialised field, including:

- BSc (Hons) Sport & Exercise Science (Physical Activity for Health)
- BSc (Hons) Sport & Exercise Science (Sports Performance)
- BSc (Hons) Sport Coaching

Accredited by:

TEACHING

DANCE TEACHING IN THE PRIVATE SECTOR

Chichester College

YEAR 1 MODULES:

- Preparing for Safe Teaching Practice (ISTD DDE Unit 1)
- Social Emotional and Cognitive Development (ISTD DDE Unit 5)
- Genre Specific Dance Practice 1 (ISTD Unit 4 - offered in ISTD Imperial Ballet, Modern Theatre, Tap)
- Dance Techniques 1
- Choreography and Devising
- Choreography and Performance
- Re-examining Dances

YEAR 2 MODULES:

- Assisting, Observing and Teaching Practice (DDE Unit 2)
- Genre Specific Dance Practice 2 (ISTD Unit 4 - offered in ISTD Imperial Ballet, Modern Theatre, Tap)
- Dance Techniques 2
- Dance Practice and Production 1
- Dance Practice and Production 2
- Themes, Trends and Discourse in Performance OR Research Methodologies

Our innovative two-year Foundation Degree programme is offered in partnership with the University of Chichester. It is built on Chichester College's reputation for delivering high quality ISTD dance teacher training and the dance department at the University of Chichester's long-standing reputation for its breadth of study.

This Foundation Degree is designed to truly prepare you for a successful and rewarding career in the dance sector either as a performer, choreographer or community dance practitioner or a dance teacher within the independent sector.

SPECIAL FEATURES

- Delivery at both the Chichester College and the University of Chichester's Bishop Otter campus, where you will work alongside the BA (Hons) Dance, Dance Performance and Dance Science students
- Small group sizes to ensure you get the support you need to succeed
- Options to select areas of study that relate directly to your career aspirations
- Full access to all University facilities including studios, library, student union, sports facilities, halls of residence and regular performances by visiting dance companies at the University Showrooms
- Opportunity to progress to the University of Chichester's 3rd year honours degree dance programme

FURTHER EDUCATION & TRAINING

Chichester College

YEAR 1 MODULES:

- Planning, Assessing and Evaluating Teaching and Learning Programmes
- Theories and Principles for Planning and Enabling Learning in a Specialist Subject

This course offers the recognised teaching qualification that will enable you to pursue a career as a teacher in the further education and training sector. Alongside developing your theoretical teaching knowledge, you will build your confidence and resilience as a further education practitioner. The course includes at least 100 hours of teaching experience in a classroom setting.

YEAR 2 MODULES:

- Curriculum Design in a Specialist Area
- Professional Practice in the Lifelong Learning Sector

You can train alongside your teaching position as this course is designed for teachers who currently work in further education and training. This is a University of Portsmouth qualification delivered at Chichester College. After you apply, you will need to register with the University of Portsmouth: www.port.ac.uk

SPECIAL FEATURES

- Train in a real further education setting, working with pupils and teaching professionals
- Graduate with an internationally-recognised qualification, giving you the option to teach overseas

Accredited by:

Apply direct on the University of Portsmouth website

PROFESSIONAL COURSES

We offer a vast range of courses to help you develop your professional skills, boost your employability and improve your career prospects - from one day skills refreshers to degree-level professional awards.

Courses run regularly throughout the year and cover the full spectrum of professional interests including leadership and management, IT and computer skills, health and safety, human resources and accountancy.

For those in the construction industry, we offer one of the largest providers of trade and construction courses in the south-east, so you can keep your skills and essential accreditations up-to-date in a convenient and cost-effective way.

Our range of accredited professional courses are designed to provide the practical skills and knowledge needed to boost business performance and results. Courses include AAT, CIM, CIPD, CIPS and ILM.

To find out more, visit our website at chigroup.ac.uk and search professional courses.

HOW TO APPLY

Apply online via UCAS for all our undergraduate courses and you'll be supported throughout your application experience by the UCAS team and the College Admissions Service.

You'll also be asked to pay a fee for your application by UCAS. Please refer to www.ucas.com for more information about costs, and how you can pay for your application. Please contact the college if you need any assistance with your application.

We welcome applications from a diverse range of qualifications, from A/AS levels to BTEC qualifications and T Levels to the International Baccalaureate. We also welcome applications from mature, professional applicants that demonstrate relevant academic background and vocational knowledge.

To find out more details about the qualifications we accept, take a look at the course entry requirements on our websites or UCAS.

When you apply to study a course at the Chichester College Group via UCAS, you'll be required to provide the institution codes.

OUR COMMITMENT TO YOU DURING YOUR APPLICATION:

Interview and auditions

We'll contact you to invite you to meet with staff, take part in an interview and ask questions about the course. For some courses you may need to take part in an audition. Don't worry – this is your chance to get excellent advice and guidance on the course, talk about the support we offer during your studies so that you make sure the course is right for you. It will usually be with the Course Leader. We are committed to arranging your interview within 6 weeks of receiving your application.

Making you an offer to study

Within two weeks of your interview, we'll send your UCAS Track Account an offer to study the course as agreed in your interview. Whether the offer made to you on UCAS is unconditional or conditional on completion of a qualification, it will be based not only upon our published entry requirements, but will also reflect your achievements and potential.

Helping you embark on your course!

When you complete the acceptance part of your Track, please follow the UCAS guidelines so that you don't miss out. A few weeks before the start of your course we'll contact you to let you know when and where to come on your first day and where to find further information. It's important the college has an up-to-date email address to ensure you are ready for the start of your studies.

Make sure that you enter the codes as below:

- Chichester College Group Institution Code: C57
- Course Code: You will find this written next to every course, for example: HND Animal Management - Course Code: 003D
